## 2. Earphones/Acoustic Drivers

Earphones are available in two sizes, standard and miniature. Their part numbers are derived as follows: Standard TC4500-ABC and Miniature TC 4400-ABC, where ABC relate to the colour(A), impedance(B) and polarisation(C). Colour(A) is either 1 =Grey, or 2 =Black. Impedance(B) can be coded 1 to 8. Polarisation(C) is either 0 =Polarised, or 1 =Non polarised. Polarised units have 2 different sized sockets for the cable plug.

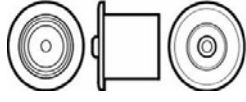

Part number example (see below): TC 4500-120 =Grey, 60 ohm, Polarised
